

To all,

We would like to express our sincere gratitude for your continued understanding and support of our Foundation's activities and smooth operation.

We are pleased to announce that our Foundation's Chairman, Dr. Tsuneji Nagai, who had been undergoing medical treatment, passed away on June 6, 2025 (aged 91).

As the founder of our Foundation, Chairman Nagai made great contributions to the development of pharmaceutical research through his dedication to promoting international research exchange in pharmaceutical sciences.

We would also like to inform you that the funeral was held only for close relatives, in accordance with the wishes of the family.

Our Foundation plans to hold a memorial service to commemorate the deceased and to express condolences. We will provide further information on this matter.

In addition, in accordance with the wishes of the bereaved family, we will decline all incense money, condolence telegrams, offerings, and flowers. We ask for your understanding.

We would like to express our sincere gratitude for the kindness you have shown us over the years, and we pray for the repose of the deceased's soul.
